CALIFORNIA 94304,  
U.S.A.

Dear Joshua,

This letter has three linked purposes. The first is to send you and your family warmest seasons greetings. The second is to express my very lively interest in a rumour that has reached me that you may be going to the Rockefeller University as President next year. There would be many aspects of this that I would love to discuss with you if and when it becomes official. The third is to tell you that Lyn and I will be spending two weeks at Berkeley in the second-half of February, where I will be a Visiting Professor in the Department of Bacteriology and Immunology. If you are in town at that time, Lyn and I would love to call on you one evening and share recent experiences. There is so much to talk about!

With warmest good wishes.

Yours sincerely,

  
G. J. V. Nossal,  
Director. ✓
